Production: 1,379 cases

SRP: \$34

2023 A.V.A. Napa Valley Sauvignon Blanc

A.V.A. stands for American Viticulture Area and for us, it represents the culmination of sustainable viticulture, resurrection of the 1870's winery and classic winemaking. The bouquet on the front of the label ties into our rich history as it, and Charlie's 1870's Victorian home, originate from a Sears

& Roebuck catalog. Our A.V.A. Napa Valley blend of Sauvignon Blanc serves as the perfect introduction to the Crocker & Starr portfolio. Estate Winemaker and Winegrowing Consultant, capture the diverse terrain of the Napa Valley within this elegantly handcrafted wine.

Tasting Notes: Tantalizing aromas of lime juice and white flowers, intertwined with hints of seashells, lead you right into the fresh and juicy flavors. Layers of citrus, from kumquat to lemon, dance around the palate, accompanied by exotic notes of seashells and white clay, culminating in a medium-long finish. Absolutely delicious.

2023 Harvest Report: The overarching climatic influences make predicting a growing season increasingly more difficult. The 2023 season brought a wet winter, late budbreak, wet/cold/warm influences during the flowering, moderate summer temperatures and later start to harvest. Over the past decade, our Sauvignon Blanc harvest was at the beginning to mid-August, however, in 2023 our first Sauvignon Blanc arrived September 7th with the last Sauvignon Blanc in on October 4th. Grateful for the elongated time between picks as we welcomed a very healthy crop load. Though there was nothing hurried about harvest 2023, the duration of the processing season made for a strong and steady team of pickers. The resulting wines are fresh and delicious renditions of all grape varieties.
