Case Production: 997 cases

Release Date: May 2026

Crocker & Starr 2025 Estate Sauvignon Blanc was conceived and planted over 28 years ago with soils and climates specifically chosen to grow the attributes so beloved in this grape. The result is a savory, mineral-driven wine with juicy guava, and citrus tones that will satisfy both the sophisticate and the hedonist.

Gone Green

As a **Certified Napa Green Vineyard & Winery and Fish Friendly Farming** operation, we follow regenerative practices to reduce our carbon footprint. Efforts include an electric tractor, sheep grazing for cover crops, insect-friendly habitats, no-till farming, and a yearly farm plan. We also maintain an employee garden, employ no-entry tank rule for safety, adopt labor-saving equipment, and reduction in glass bottle weight; all to protect the land, preserve biodiversity, and craft wines with lasting integrity.

2025 Growing Season

Napa Valley's growing season in 2025 saw a notable shift from recent years with cooler overall conditions. The year began with winter rainfall that set the stage for healthy canopies and clusters. A cool spring and mild Summer allowed the grapes to mature gradually. As temperate weather continued into the late Summer, canopies were opened up to maximize air flow. The resulting wines are elegant, with exceptional color depth and profound natural acidity promoting balance and longevity.

Tasting Notes

Lively and refreshing, this Sauvignon Blanc reflects the balance of our St Helena vines. The wine opens with aromas of citrus blossoms, tropical fruit and subtle mineral notes which is our trademark you know so well. On the palate, juicy acidity carries flavors of white peach, citrus blossoms and finishes long, packed with tropical fruits and minerality.

At the heart of Crocker & Starr is our Vineyard Experience:

Touch the Vines...Taste the Wines
