For Charlie and Pam, 1 post symbolizes more than a landmark San Francisco address. In that iconic building, over two decades ago, the Crocker & Starr partnership was sealed with a handshake. A meeting of the minds that created an historic 'bridge' between San Francisco and Napa... 1 Post – a small lot 100% Cabernet Sauvignon from the Estate's heritage vineyard blocks... celebrates the genesis of Crocker & Starr.

Gone Green

As a **Certified Napa Green Vineyard & Winery and Fish Friendly Farming** operation, we follow regenerative practices to reduce our carbon footprint. Efforts include an electric tractor, sheep grazing for cover crops, insect-friendly habitats, no-till farming, and a yearly farm plan. We also maintain an employee garden, employ no-entry tank rule for safety, adopt labor-saving equipment, and reduction in glass bottle weight; all to protect the land, preserve biodiversity, and craft wines with lasting integrity.

2023 Harvest Report

A throwback season reminiscent of the long and later growing seasons typical of the early 2000s, with budbreak occurring at the end of March. We experienced a bit of weather 'highs and lows' during flowering and fruit set, which only mildly reduced the yield in a couple of vineyard blocks. The growing season was moderate and well-paced, providing our vineyard team with plenty of time to manage the vines. Overall, it was an even and steady growing season. Our Sauvignon Blanc harvest began in the first week of September, with our last black grapes coming in from the vineyard in the first week of November. It was a relaxed, unhurried growing season, resulting in fresh and balanced wines.

Tasting Notes

Beautifully deep garnet in color, the 2023 '1 Post' showcases vibrant aromas of cherry compote, plum, strawberries and vanilla. A silky entry to the palate opens to layered flavors of red currant, cacao nib, graphite and baking spice. Its fine tannins linger into a lasting finish defined by balance and elegance. While approachable now, this wine has the pedigree, structure and concentration to cellar beautifully for 15+ years.
